

Systech Illinois offer a range of adapters to be used with the 7000 and 8000 range, 8200 and 8701 oxygen permeation analyzers. Custom made adapters are also available.

Adapter Glue Seal with Bracket

Glue any bottle or package with a neck opening of more than 15mm to the platen.

Adapter Film Test

This adapter is used to perform standard film tests using 50cm² active area.

Adapter 1/8" NPTF

Using 1/8" NPT couplings and pipes the user can connect to any package in the traditional manner.

Adapter Complete Package

The simplest method to test a closed package. Drill a 1/4" hole in the package and glue the tube. Quick connect the assembly and start to test.
